Dear Mr. John Connolly:

It is with great excitement that the American University Student Government accepts your invitation to participate in the Public Talks. As one of the nation's most politically active schools, it is important for us to engage in discussions that address some of the greatest issues of our time. We are confident that this will be facilitated through the Institute for Public Dialogue. The timing of this could not be more perfect as our campus opens a new building for our School of International Service this month. We are looking forward to the discussions that will take place with our peers around the world.

Sincerely,

Andy MacCracken
President
