Confirmation of Participation

Dear Mr John Connolly and the rest of the Public Talks organisation

We welcome this invitation to participate in this wonderful endeavour which you have commenced. We look forward to fruitful discussions on a range of topics in the hopefully near future, with you and the rest of our peers in humanity. Perhaps we can attain what your American Legal Philosopher John Rawls calls the Society of Peoples in this groundbreaking endeavour, so let us together hope we can make the world a better place through conversation rather than military engagements.

Kind regards,

Mr George Ivor Butela Kahn

SRC Vice President External
